

J.U.G. Greenhouse Gardens

Naga City

Nov 01, 2017 - Nov 30, 2017

J.U.G. GREENHOUSE GARDENS is a design and build landscaping company established by a landscape architect with 15 years of professional experience.

Our landscape design services include master planning for farm resorts, agri-tourism farms, eco-parks, retreat facilities, as well as landscape designs for subdivisions, schools, industrial and commercial buildings, residential gardens and playgrounds.

We also provide landscape installations such as ponds and water features, pergolas, fences and gates, walkways and decks, play equipment, sub-soil drainage systems, greenwalls and greenroofs. We also provide complete planting installations from grass and groundcovers to shrubs and trees. Aside from permanent installations, we also provide temporary installations such as event landscape decorations and plant rental services.
